# DEVELOPMENTAL LEARNING PROGRAM HANDBOOK

## *EISENHOWER COOPERATIVE*

### SCHOOL DAY

The school day begins at **8:30 a.m.** and ends at **2:30 p.m.**

HALF-DAY STUDENTS:	Early Childhood <b>A.M.</b>	Early Childhood <b>P.M.</b>
	8:30 a.m. – 11:00 a.m.	12:00 p.m. – 2:30 p.m.

FULL-DAY STUDENTS: 8:30 a.m.-2:30 p.m.

### EMERGENCY INFORMATION

Parents must provide emergency information on the Student Information Form. *Current phone numbers for home, work and two emergency contacts must be provided.* If an emergency contact has to pick up your child, they must provide photo identification and be listed on the emergency form before they will be permitted to leave the school. *All children must be signed in and out of the office.*

### REPORTING ABSENCES

If your child is going to be absent, you must call the DLP nurse's office (708-371-6340) in the morning and advise the office of the cause for the absence. The school nurse **will** call all parents of absent students who have not called to report their child's absence. If a child is out four (4) days or longer with any illness or absent due to a communicable disease, the child must have a note from the physician stating that he/she is able to return to school and to what extent he/she can participate in physical and gym activities.

### ILLNESS IN SCHOOL

Students who become ill during the school day will be sent to the nurse. **If the child has an elevated temperature of 100° or more, is vomiting, has diarrhea, suspected pink-eye, live lice, or an unexplained rash, the child will be sent home.** The child must be without any fever reducing medication, vomit free or diarrhea free for 24 hours before returning to school. Parents are always called first before an alternative emergency contact person is telephoned. Please make sure that the alternative emergency contact person has a vehicle and is willing to pick up your child in case of illness.

## HEALTH EXAMINATIONS AND IMMUNIZATIONS

The Illinois State Law requires that all students provide proof of having received a health examination and immunizations against preventable communicable diseases. Such examination will be required upon entrance into Early Childhood, Kindergarten or first grade and entrance into sixth grade. If students do not provide proof of compliance by October 15 of the current school year, the student will be excluded from school until the student presents proof of compliance or, in the alternative, provides an appropriate objection based on religious or medical grounds.

## ADMINISTERING STUDENT MEDICATION

Teachers and other non-administrative school employees, except certified school nurses, shall not be required to administer medication to students. Parent(s)/guardian(s) are responsible for administering medication to their children. Administering medication during school hours or during school-related activities is discouraged unless it is necessary for the critical health and well-being of the student. A **School Medication Authorization Form** must be provided by the parent, **signed by the doctor**, and kept on file at the school. Parent(s)/guardian(s) may authorize their child to self-administer a medication according to the Cooperative's procedures for student self-administration of medication.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

## EMERGENCY SCHOOL CLOSING

School closing because of extreme weather or emergency situations will normally be announced over AM Radio Stations, WGN, WIND (Spanish), WBBM, WLS. FM Radio Stations, WBUS, Television Channels 7, 9, 32. Parents have the option to determine whether their children should attend school on days when severe weather could cause hardship.

## VISITORS

Parents are always welcome to observe and visit the school. Parents can arrange a visit by calling ahead to arrange the visitation with the school staff. **PARENTS MUST REGISTER IN THE OFFICE FIRST.** Please enter through the main office door, as all doors are kept locked.

## PARENTS' SCHOOL VISITATION RIGHTS

Parents of students attending Illinois schools who work for employers who employ at least 50 or more individuals in Illinois have certain rights under the School Visitation Rights Act. 820 ILCS 147/1. Employed parents who have worked for an employer for at least six consecutive months, who work at least half-time, and who are unable to meet with educators because of a work conflict must be given leave of up to 8 hours during the school year to attend school conferences or classroom activities related to the employee's child if the conference or classroom activities cannot be scheduled during non-work hours. However, no more than 4 hours of this time can be taken on any given day and leave under this Act may not be taken unless the employee has exhausted all accrued vacation leave, personal leave, compensatory leave, and any other leave that may be granted to the employee, except sick leave and disability leave. Advance notice must be provided to employers. The Cooperative will provide documentation for parents' use confirming the date and time of each such school visitation upon a parent's request for such documentation. For regularly scheduled, non-emergency visitations, the Cooperative will make time available for visitation during both regular school hours and evening hours, when it is practicable and the Cooperative is readily able to do so.

## TRANSPORTATION

Buses will wait 3 minutes for a student to board the bus. Students will only be picked up at their designated stop. Students will not be allowed to be dropped off at another student's address. Students will only be dropped off at their regular location. If your child will not be attending school, please contact the **ALPHA SCHOOL BUS COMPANY (708-371-2986)** as early as possible. The primary concern in transportation issues is for the safety of students. With this in mind, the following rules have been adopted:

1. Students must remain in their assigned seats with seat belt on.
2. Students must follow adult directions.
3. Students must use polite language.
4. Students must keep hands and feet to self.

### Academic Credit for Missed Classes During School Bus Suspension

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

### Electronic Recordings on School Buses

Electronic visual and audio recordings may be used on school buses to monitor conduct and to promote and maintain a safe environment for students and employees when transportation is provided for any school related activity. Notice of electronic recordings shall be displayed on the exterior of the vehicle's entrance door and front interior bulkhead in compliance with State law and the rules of the Illinois Department of Transportation, Division of Traffic Safety.

Students are prohibited from tampering with electronic recording devices. Students who violate this policy shall be disciplined in accordance with the Board's discipline policy and shall reimburse the Cooperative for any necessary repairs or replacement.

## **STUDENT BEHAVIOR (STUDENT DISCIPLINE)**

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; and (4) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.

- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Executive Director or designee.
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term “possession” includes having control, custody, or DLP, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Executive Director or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

### Disciplinary Measures

Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal, Program Supervisor, or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal, Program Supervisor, or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The Cooperative will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges.
11. Out-of-school suspension from school and all school activities. A student who has been suspended may also be restricted from being on school grounds and at school activities.

12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), “look-alikes,” alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the Cooperative and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. Suspension and expulsion may be the available and appropriate disciplinary interventions in some circumstances where other available and appropriate interventions have been exhausted or it has been determined that there are no other available and appropriate behavioral or disciplinary interventions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

### Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alike” of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent of the Member District of the involved student, and the Superintendent’s determination may be modified by the Member District Board of Education of the involved student on a case-by-case basis. [A4]The Executive Director or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy’s prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

### Re-Engagement of Returning Students

The Executive Director or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student’s ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

### Required Notices

A school staff member shall immediately notify the office of the Building Principal or Program Supervisor, in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her

supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal, Program Supervisor, or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent/guardian. "School grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

#### Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Executive Director, Building Principal, or Program Supervisor is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons. The Executive Director, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the Cooperative's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the Cooperative disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

### **SUSPENSION PROCEDURES**

#### In-School Suspension

The Executive Director or designee is authorized to maintain an in-school suspension program. The program shall include, at a minimum, each of the following:

A pre-suspension conference is not required, and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
3. A written notice of the suspension to the parent(s)/guardian(s) and the student, which shall:
  - a. Provide notice to the parent(s)/guardian(s) of their child's right to a review of the suspension;

4. A summary of the notice, including the reason for the suspension and the suspension length, must be given to the Board of Education of the Member District of the involved student by the Executive Director or designee.
5. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Board of Education of the Member District of the involved student or a hearing officer appointed by the Board of Education of the Member District.

### **TEEN DATING VIOLENCE PROHIBITED**

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term teen dating violence occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

### Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to education. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important Cooperative goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school sponsored or school sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accesses at a non-school-related location, activity, function, or program from the use of technology or an electronic device that is not owned, leased, or used by the Cooperative or school, if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a cooperative administrator or teacher receives a report that bullying through this means has occurred; it does not require the Cooperative or school to staff or monitor any non-school-related activity, function or program.

### Right to Pursue Other Remedies Not Impaired

The right of a person to prompt and equitable resolution of a complaint filed hereunder shall not be impaired by the person's pursuit of other remedies, e.g., criminal complaints, civil actions, etc. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If a person is pursuing another remedy subject to a complaint under this policy, the Cooperative will continue with a simultaneous investigation under this policy.

If the Complainant is a student under 18 years of age, the Complaint Manager will notify his or her parent(s)/guardian(s) that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except: (1) as required by law, this policy, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant.

The identity of any student witnesses will not be disclosed except: (1) as required by law or any collective bargaining agreement, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the parent/guardian of the student witness, or by the student if the student is 18 years of age or older.

The Complaint Manager will inform, at regular intervals, the person(s) filing a complaint under this procedure about the status of the investigation. Within 30 school business days of the date the complaint was filed, the Complaint Manager shall file a written report of his or her findings with the Executive Director. The Complaint Manager may request an extension of time. If a complaint of sexual harassment contains allegations involving the Executive Director, the written report shall be filed with the Board, which will make a decision in accordance with the following section of this policy. Within 10 school business days after receiving the Executive Director's decision, the Complainant or the accused may appeal the decision to the Board by making a written request to the Complaint Manager. The Complaint Manager shall promptly forward all materials relative to the complaint and appeal to the Board. Within 30 school business days, the Board shall affirm, reverse, or amend the Executive Director's decision or direct the Executive Director to gather additional information. Within 5 school business days of the Board's decision, the Executive Director shall inform the Complainant and the accused of the Board's action.

**BEHAVIORAL INTERVENTIONS POLICY FOR STUDENTS WITH DISABILITIES**

It is the purpose of this document to outline the policy of the Eisenhower Cooperative relative to the use of behavioral interventions with students with disabilities. The fundamental principle of this policy is that non-aversive or positive interventions designed to develop and strengthen desirable behaviors shall be used to the maximum extent possible and are preferable to the use of aversive and restrictive interventions.

The use of positive interventions is consistent with the educational goals of enhancing students' academic, social and personal growth. While positive approaches alone may not always succeed in controlling extremely inappropriate behavior, the use of more restrictive procedures should always be considered to be temporary and approached with caution and restraint. The use of restrictive interventions should maintain respect for the individual student's dignity and personal privacy and adhere to professionally accepted treatment practices. All of the procedural protection available to students with disabilities and their parents under the Individuals with Disabilities Education Act (IDEA), including notice and consent, opportunity for participation in meetings, and right to appeal, shall be observed when implementing and/or developing behavioral interventions.

It is the intent of the Eisenhower Cooperative that interventions used with a student with disabilities will incorporate procedures and methods consistent with generally accepted practice in the field of behavioral intervention. Interventions that are considered non-restrictive are preferred because of the low risk of negative side effects and the high priority placed on behavior change rather than behavior control. These interventions may be used without the development of a written Behavioral Management Plan or inclusion in the student's Individual Education Program (IEP).

Interventions that are considered restrictive may be appropriate during emergency situations or when less restrictive interventions have been attempted and failed. Restrictive interventions should only be used when the IEP team has developed a Behavioral Management Plan and included in the student's IEP. Restrictive interventions shall be used for the minimal amount of time necessary to control the individual's behaviors. Corporal punishment and expulsion with loss of services are illegal interventions and shall not be used.

When confronted with an emergency situation in which immediate intervention is needed to protect students, other individuals or the physical site from harm, school personnel may use an intervention that has not been delineated in the student's Behavior Management Plan. The emergency intervention selected shall be the least intrusive to reasonably respond to the situation. When an emergency intervention has been used with a student, the parents or guardians of the student will be notified as soon as possible. In addition, details related to the use of the emergency intervention will be documented.

The Eisenhower Cooperative shall maintain a Behavioral Intervention Committee to implement the district policy on the use of Behavioral Interventions. In addition, this committee shall monitor the use of restrictive interventions with students with disabilities.

This policy has been developed based on a review of the document entitled "Behavioral Interventions in Schools: Guidelines for Development of District Policies for Students with Disabilities". This document was prepared by the Illinois State Board of Education and is dated June 30, 1994. A copy of these guidelines may be requested from the Illinois State Board of Education, 100 North First Street, Springfield, IL 62777-0001

### **CHILD ABUSE**

As parents and teachers, we all realize that working with children with behavior problems can be extremely frustrating. It becomes very difficult to relieve such frustration. We encourage you, as parents, to use the DLP staff as a means of discussing and alleviating such frustration. However, if your frustration with your child becomes too great and you severely discipline your child, we are obligated to inform the Department of Children and Family Services. According to the Child Abuse Act of 7-1-80, an "Abused Child" is defined as a child whose parent or immediate family member, or any person responsible for the child's welfare, or any individual residing in the same home as the child, or a paramour of the child's parent:

- a. Inflicts, causes to be inflicted, or allows to be inflicted upon such child by other than accidental means any of the following: a serious physical injury, death, disfigurement, impairment of physical or emotional health, or loss or impairment of any bodily function.
- b. Creates a substantial risk of physical injury to such child by other than accidental means, which would be likely to cause death or serious disfigurement or impairment of any bodily function.
- c. Commits or allows to be committed a sex offense against such child, as defined in the Criminal Code of 1961.
- d. Commits or allows to be committed an act or acts of torture upon such child.
- e. Inflicts excessive corporal punishment.

A "Neglected Child" is defined as any child whose parent or other person responsible for the child's welfare does not provide the proper or necessary support, education as required by law, or medical or other remedial DLP recognized under state law as necessary for his or her well-being or who is abandoned by his or her parents or other person responsible for the child's welfare.

Please bear in mind that we want to work with you before a problem becomes too great. Let us help.

  - Income (other than that required by Illinois law to determine eligibility for participation in a program or for receiving financial assistance).

Any parent interested in further information concerning the exercise of these rights should contact the Executive Director of the Cooperative.

## **STUDENT RECORDS**

School student records are confidential and information from them shall not be released other than as provided by law. State and federal laws grant students and parent(s)/guardian(s) certain rights, including the right to inspect, copy, and challenge school records. The information contained in school student records shall be kept current, accurate, clear and relevant. All information maintained concerning a student receiving special education services should be directly related to the provision of services to that child. All requests for student records will be directed to the student's home school district.
